Certificate of Recycling

Issued to

COMPANY

Certification / Custody of Electronic Waste

On **25-04-2013**, Qobo Recycling CC assumed ownership, custody, title and control of the assets listed in section B of this certification. Additionally Qobo Recycling assumes risks of loss and all other incidents of ownership transferred from the client and vested in Qobo Recycling for any assets agreed to be handled and/or processed at Qobo Recycling's e-waste dismantling depot (Plot 116, Daan De Wet Nel Drive, Dorandia, Pretoria North, 0188).

This document certifies that the assets and materials identified within section B of this certification, were received from the generator named below and have been processed, recycled, destroyed and displaced in an environmentally correct manner that is in accordance with local, provincial and national waste management legislation governing waste management in The Republic of South Africa and in accordance with the code of conduct governing members of the Electronic Waste Association of South Africa. Further, Qobo Recycling certifies that all client data has been destroyed or properly sanitized from hard drives.
